## SOFTWASH HAWAII DIFFERENTIATORS

## CAPABILITY NARRATIVE

SoftWash Hawaii provides innovative, environmentally friendly soft washing services as a superior alternative to traditional pressure washing. Our specialized cleaning processes utilize non-hazardous, water-based, biodegradable solutions designed to:

- Emulsify dirt and grime
- Break down insect nests and webs
- Eliminate mold, mildew, algae, and bacteria
- Sanitize surfaces effectively

### Key Advantages of Soft Washing:

- Uses 1/3 the water of pressure washing
- Lasts 4-6 times longer than traditional methods
- Protects surfaces by avoiding erosion

### Our comprehensive services include:

- Roof Washing & Treatments (All roofing materials)
- Exterior Building Washing & Treatments (All building materials)
- PV & Solar Panel Cleaning
- Gutter Cleaning (Interior & Exterior)
- Exterior Window Cleaning
- Walkway & Driveway Power Washing
- Fence & Wall Washing & Treatments
- Organic Growth Elimination & Prevention (mold, moss, mildew, algae, etc.)

## CORE COMPETENCIES

- Expert cleaning and maintenance for all types of exterior surfaces.
- Cost-effective solutions with minimal environmental impact.
- Specialized treatments to ensure lasting results.

## DIFFERENTIATORS

- **Certified Teams:** Annual job certifications and 3rd-party instructor-led training.
- **Verified Security:** 3rd-party criminal checks and insured business operations.
- **Environmentally Friendly:** Cleaning processes that meet sustainability standards.
- **Exceptional Results:** Timely and efficient project completion that consistently exceeds expectations.
- **Comprehensive Documentation:** Detailed reports and photos provided pre/post-service to ensure transparency and customer confidence.
